

SUPERVISED CHILD-CENTERED PLAY THERAPY EXPERIENCE*

By Ms Lau Suet Ha, Lottie
B.Soc.Sc. & M.Ed.

*Previous course name: Practicum Course on Child-centered Play Therapy

Introduction

This course is a continuation of the basic training program on child-centered play therapy conducted by Ms Lottie Lau and organized by the Department of Social Work of CUHK. It aims to develop greater practice competence in counseling professionals who are interested in using the therapy.

Objectives

- 1.To encourage participants to practise child-centered play therapy with children.
- 2.To develop participants' practice competence in using the therapy in the following aspects:
 - (a) sensitivity in identifying children's significant play behaviours,
 - (b) refinement of micro-skills and techniques,
 - (c) expansion of varieties of facilitative responses,
 - (d) handling of various issues in the play therapy process, and
 - (e) self-reflexive abilities.

Trainer

Ms Lau Suet Ha, Lottie is a pioneer who has introduced and cultivated the approach of Childcentered Play Therapy in Hong Kong since the early 1990s.

Ms LAU received her bachelor's degree in social work from the Chinese University of Hong Kong. She pursued her postgraduate counseling studies in The University of North Texas, where she specialized in learning Child-centered Play Therapy from Dr Garry Landreth, an internationally renowned scholar who developed the therapy based on Virginia Axline's nondirective approach.

Ms LAU has more than 25 years of clinical experience in counseling work. She has been particularly keen and well versed in steering psychological healing in emotionally disturbed children by means of Child-centered Play Therapy (CCPT). In the 1990s, in addition to her formal teaching in tertiary education, Ms LAU began to spread the concept of CCPT in Hong Kong by pioneering systematic training programs, of various levels, on the therapy. Over the years, Ms LAU has laid down the cornerstone of the therapy in the local scene, through hundreds of related training courses conducted with continual refinements. Accumulatively, over 10,000 participants, including around 4,950 helping professionals and 5,100 parents, have completed the basic level of play therapy training that she conducted. Throughout the years, Ms Lau has received numerous positive comments, and her courses have always been fully enrolled with enthusiastic recommendations from participants.
